

Education Labour Relations Council

Strategic Plan

for

the Fiscal Years 2019/2020 – 2023/2024

Foreword by the General Secretary of the ELRC

The Council's Strategic Plan outlines our strategic priorities for the period 2019/2020 to 2023/2024, with a primary focus on our mandate to maintain labour peace in public education. This medium to long-term plan also identifies key interventions to contribute towards the improved quality of public education.

The Council's Dispute Resolution activities will focus on the resolution of disputes through intervention and mediation. A central focus will be on the implementation of Collective Agreement No. 3 of 2018, *Providing for compulsory inquiries by arbitrators in cases of disciplinary action against educators charged with sexual misconduct in respect of learners*. In fulfilling the provisions of the Agreement, the Council will continue to ensure the availability of intermediaries and suitable venues for these special cases.

To accomplish our mandate to maintain labour peace in public education, the Council provides facilitation both at national and provincial level, as a precautionary approach to circumvent labour unrest.

In line with the *Action Plan to 2019*, Goals 14 to 17, the Council's collective bargaining activities will continue to focus on Post Provisioning Norms (PPN), in line with the new mandate emanating from the 2018 Education Indaba to radically transform the PPN and respond to the demands of the 4th industrial revolution and skills for a new future.

The Council's plans for the next five years are aligned with the National Development Plan (NDP) and vision for 2030. In giving effect to the proposed interventions for Early Childhood Development (ECD) as outlined in the NDP, the Council, through the ECD Work stream that was established as an outcome of the 2017 Education Indaba, plans to assist the Department of Basic Education to realise its goals in terms of ECD and Grade R and include the 0-4 category in its project plan for 2019/20, as well as policy alignment and conditions of service.

The NDP advocates for the recognition of educators and proposes that a higher value should be placed on the teaching profession. In realising this objective, the Council will continue to support World Teachers' Day initiatives to celebrate teacher excellence and elevate the teaching profession.

As the Accounting Officer of the ELRC, I am confident that our strategic goals for the period 2019/2020 to 2023/2024 will allow us to make a significant contribution to government's priority outcome 1: *to improve the quality of basic education* in public schools. The plan also demonstrates our commitment to fulfil our mandate of ensuring labour peace in public education.

PART A: STRATEGIC OVERVIEW

1. Vision

Our vision is:

To contribute towards quality public education through labour peace

This is exercised through our motto:

‘Quality services for excellence in teaching.’

As a sector bargaining council in public education, the Council in giving effect to its vision through:

Proactively strengthening the social contract between government, teacher unions and civil society in order to create a conducive environment for improved quality in teaching and learning, creatively discharging its full range of obligations as envisaged in the Labour Relations Act and other relevant legislation and conventions.

This vision is underpinned by the following strategic principles, which relate to the functional areas of work of the Council:

| Research, M&E | Dispute Management | Collective Bargaining | Support and Training | Communication, Special Initiatives and Campaigns |

2. Mission

The mission of the Council is:

To provide quality services for excellence in teaching.

3. Values

The values adopted by the Council are:

Professionalism: promote behaviour that is generally accepted to be correct and proper

Transparency: ensure access to information by citizens

Independence: the right to making informed decisions independently that minimise or avoid conflicts of interest

Accountability: accepting responsibility for actions and decisions taken, with allowance for corrective action and penalty for wrongdoing

Fairness and equity: the adjudication of grievances and disputes

Social responsibility: respond to the social issues of the day

Efficiency: Delivery of quality services economically.

4. Legislative and Other Mandates

4.1. Legislative Mandates

The ELRC is a bargaining Council established in terms of Section 37 (2) of the Labour Relations Act (LRA).

Applicable Legislation

- Labour Relations Act 66 of 1995, as amended
- ELRC constitution

Other Mandates:

- Service Delivery Agreement of the Minister of Basic Education
- Action Plan to 2019: Towards the Realisation of Schooling 2030

Key legislation related to the mandate of the Council:

- Constitution of RSA:
 - Section 23
 - Section 28(2)
 - Section 29(1)
- Children's' Bill of Rights of 2007
- Sexual Offences Act 32 of 2007
- Child Care Act 74 of 1983 amended 1 April 2010
- Criminal Procedures Act 65 of 2008

4.2. Policy Mandates

A significant development in national basic education policy has influenced this Strategic Plan. The *Action Plan to 2019: Towards the Realisation of Schooling 2030* (Department of Basic Education,) sets out 27 goals in the improvement of the schooling system; 13 of these are output-related goals and 14 are process-related. A summary of the output-related goals follows:

- Goals 1 to 6 reflect the need to enable learners to meet minimum standards, such as increasing the number of Grade 12 learners who pass mathematics and physical science (Goals 5 and 6).
- Goals 7 to 9 reflect the need to improve the standards of learning performance (in particular in language and mathematics), in addition to ensuring that minimum standards are met.
- Goal 10 is to ensure that learners remain effectively enrolled at school until they complete the compulsory years of education.
- Goal 11 is to ensure that all learners have access to pre-primary education.
- Goal 12 is to improve the promotion rates of learners through Grades 1 to 9.
- Goal 13 is to improve the access of youth to Further Education and Training beyond Grade 9.

Goals 14 to 27 are process-related, and principals, teachers, learners, parents, education officials and partners in education transformation are expected to play important collaborative roles in achieving them within the framework of a Code for Quality Education:

- Goals 14 to 18 address teachers and the teaching process. For example, Goal 15 is to ensure that the availability and utilisation of teachers is such that excessively large classes are avoided, Goal 16 is to improve the professionalism, teaching skills, subject knowledge and computer literacy of teachers throughout their careers and Goal 18 is to ensure that learners cover all the topics and skills areas that they should cover in their current school year.
- Goals 19 and 20 relate to the availability of textbooks, workbooks and other educational materials. Goal 19 is to ensure access to the minimum set of textbooks and workbooks required in policy and is particularly relevant to indicator 5 above (access to textbooks and workbooks); Goal 20 is to increase access to a wide range of other media, including computers and libraries.
- Goals 21 and 22 deal with school governance and management. Goal 21 is to ensure that basic school management processes are in place and contribute to a functional school environment. Goal 22 is to ensure that parent and community participation in school governance is improved.

Strategic Plan 2019/2020 – 2023/2024

- Goal 23 is to ensure that all schools are funded at the minimum per learner level and that the funds are used transparently and effectively.
- Goal 24 is to ensure that the physical infrastructure and environment of every school inspires learners to want to come to school and learn, and teachers to teach, with all schools achieving the nationally defined level of optimum functionality.
- Goal 25 is to use the school as a location to promote access among children to the full range of public health and poverty reduction interventions.
- Goal 26 is to increase the number of schools which effectively implement the inclusive education policy and have access to centres which offer specialist services. Indicator 14 above (training in the identification and support of special needs) represents an important aspect of this goal.
- Goal 27 is to improve the frequency and quality of the monitoring and support services provided by district offices to schools.

A second important influence on this Strategic Plan is the Delivery Agreement for Outcome 1 (**Improved Quality of Basic Education**) signed by the Minister of Basic Education. The Delivery Agreement is closely based on the *Action Plan to 2019*. It stresses the importance of developing a “strengthened ‘social contract’ between government, teacher unions, teacher training institutions, parent and School Governing Body (SGB) organisations, business and civil society organisations”. This emphasis is of particular importance to the Council and provides an opportunity to strengthen the presence of the basic education sector’s strategic outcome-oriented goals within our work. These goals are:

- Improve the quality of teaching and learning
- Undertake regular assessment to track progress
- Improve early childhood development
- Ensure a credible, outcomes-focused planning and accountability system

The first, third and fourth of the above goals are, in different degrees, clearly areas in which the Council can play a role. The importance of the ‘social contract’ in the Delivery Agreement underpins all the work of the Council and has inspired the development of a refined vision for the Council’s work, as presented in section 1 above.

The submission of this Strategic Plan 2019/2020 – 2023/2024 provides an opportunity to strengthen the presence of the basic education sector’s policy priorities within the work of the Council. These priorities are captured in the Department of Basic Education’s (DBE) *Action Plan to 2019: Towards the Realisation of Schooling 2030* and in the Minister’s Delivery Agreement.

The following programmes of the ELRC have been amended in line with the Minister’s Delivery Agreement.

Programme 1: Collective Bargaining Services

Programme 2: Dispute Management Services

Programme 3: Corporate Services

Programme 4: Finance and Supply Chain Management Services

Programme 5: Executive Services

The implications of the DBE’s goals for these programmes are illustrated in the following table.

5. ELRC Organogram

6. Updated Situational Analysis

The Medium-Term Strategic Framework (MTSF) of the Government for 2014 to 2019 has been taken into account in the development of the ELRC's strategic Plan. The priority area of **access to quality education** guides the strategic plan in terms of Outcome 1: (*Improved Quality of Basic Education*), which is at the centre of the government's approach.

The ELRC commits to ensure that Strategic Priority 1 of the government's priorities and programmes is paramount in the strategic planning process as it relates to teachers' conditions of service.

6.1. Performance Delivery Environment

The ELRC operates mainly in the management of disputes and collective bargaining environments. The development of the policy is informed by Part C Sections 133 to 150 of the Labour Relations Act No. 66 of 1995 (as amended) and the following determine the environment within which the entity operates:

- The Constitution of the ELRC
- Interpretation of Collective Agreements
- Committee Work Procedures
- The Five-Year Strategic Plan
- The Annual Performance Plan

The Council is also governed by and subjected to compliance with policies, procedures, rules and regulations applicable to the ELRC.

6.2. Organisational Environment

The Secretariat of the ELRC support parties to the council with the administration of the bargaining process. The support staff is properly equipped with the knowledge and skills through the encouragement of improving qualifications by offering study assistance and acquiring of skills through short courses identified through the Performance Management System of the council.

The funding model of the Council poses a challenge in that income is generated through contributions by the Employer and deductions from educators in public education. Although the rate of contributions is determined through negotiations by the parties to Council, there is no provision for annual increases. This results in a static and fixed flow of secured income in an

environment of increasing costs due to inflation. A proposal to address this challenge will be tabled to parties to Council for consideration.

The Council has managed, through prudent financial management, to allocate and utilise these limited resources in the achievement of its objectives.

Compliance, Risk and Audit

The Compliance, Risk and Audit unit was established to enhance good corporate governance within the ELRC, especially in ensuring that there is effective and efficient governance, risk management and internal controls. It also assesses and makes appropriate recommendations for the improvement of the governance process to ensure that Council achieves its objectives; and assists the organisation to identify, evaluate and assess significant organisational risks and provide assurance as to the effectiveness of related internal controls.

6.3. Description of the Strategic Planning Process

The development of the Strategic and Annual Performance Plans involves the Governance structures on the development of the strategic objectives, which provides management with the direction on the development of the annual performance plans and the associated financial projections.

All members of the management team are involved and encouraged to assist in the setting up of targets and their delivery.

The purpose of the Council's Strategic Plan

The Plan outlines the objectives and activities of Council for the five years of the 2019/2020 to 2023/2024 Medium Term Expenditure Framework (MTEF) period. The Plan has also been aligned with the *Action Plan to 2019: Towards the Realisation of Schooling 2030*, which outlines the country's first comprehensive and long-term plan for education; as well as the Minister's Performance agreement. Delivery Outcome 1 of the Minister's Performance Agreement (*Improved quality of basic education*), will guide the activities of Council for the period 2019/2020 to 2023/2024.

7. Strategic Outcome Oriented Goals

The Council's strategic vision rests on the pillars of its mandate to maintain labour peace in public education and extends to the attainment of quality education in public schools, through stakeholder collaboration and support of initiatives to restore the image of the teaching profession.

In an effort to achieve Delivery Outcome 1, and the NDP's projections that South Africans should have access to education and training of the highest quality by 2030, the Council will continue to support QLTC activities. This will ensure that functional structures are established in all provinces, to realise the objective of having teachers in school, in class, on time and teaching with no neglect of duty.

In line with the *Action Plan to 2019*, Goals 14 to 17 (Action Plan goals on teacher supply, demand and utilisation), the Council will continue to monitor the appropriate implementation of Post Provisioning Norms (PPN) at provincial level.

In fulfilling our mandate to maintain labour peace in public education, the Council provides facilitation both at national and provincial level, as a precautionary approach to circumvent labour unrest.

| | |
|--|---|
| Strategic Outcome Oriented Goal 1 | Research and monitoring and evaluation activities provide an evidence base for improved policies and policy implementation in basic education. |
| Goal Statement | Well researched policies and legislation, developed on the basis of strong evidence and supported by collective agreements, promote labour peace, educator morale and educator wellbeing. |
| Strategic Outcome Oriented Goal 2 | Equal importance is attached to proactive dispute prevention and dispute resolution. |
| Goal Statement | Disputes of rights and mutual interest are prevented where possible through intervention and mediation, and effectively resolved when they arise, and collective agreements are enforced; the rights of children involved in disputes (as victims or as witnesses) are given special attention and consistently upheld. |
| Strategic Outcome Oriented Goal 3 | Collective bargaining processes maximise the scope of the Parties' shared interest. |
| Goal Statement | The best possible fit between good educational outcomes and a fair deal for the teaching profession is achieved. |
| Strategic Outcome Oriented Goal 4 | Provide appropriate support and training for all involved in dispute resolution and collective bargaining. |
| Goal Statement | Training of DRPs, intermediaries and panellists must guarantee an effective, |

| | rights-based approach to the core activities of the Council and to other matters of profound importance to educators, such as their morale and wellbeing. |
| Strategic Outcome Oriented Goal 5 | Sound communication strategies support and complement the core activities of the Council. |
| Goal Statement | Educators will be keenly aware of the functions of the Council; special initiatives must support and complement the core activities of the Council. |
| Strategic Outcome Oriented Goal 6 | Strengthen social dialogue through supporting and participating in education initiatives such as the Teacher Appreciation Support Programme (TASP). |
| Goal Statement | Collaboration with education stakeholders to promote dialogue on teaching and learning in South African schools. |

PART B: STRATEGIC OBJECTIVES

8. Strategic Objectives per programme

8.1. Strategic Objectives

8.1.1 Collective Bargaining Services

The purpose of Collective Bargaining Services is to contribute to the Council's vision of a strengthened social contract between government, teacher unions and civil society that helps to create a conducive environment for improved quality in teaching and learning. Such is done by promoting collective bargaining at national and provincial levels so as to ensure the development of effective policies for quality public education in a non-disruptive environment for teaching and learning.

Sub-programmes:

- Collective Bargaining
- Research Services
- Dispute Prevention Support Services

| Strategic objective 8.1.1.1 | Collective Bargaining |
|------------------------------------|--|
| Objective statement | To facilitate bargaining on identified matters of mutual interest in public education |
| Baseline | Bargaining meetings convened & collective agreement on vote weights approved |
| Objective statement | To facilitate consultation and information on matters of policy in line with National Education Policy Act (NEPA). |
| Baseline | Education Indaba convened |

| Baseline | Council delegates attended International Labour and Employment Relations Association (ILERA) 8 th African Regional Congress. |

8.1.2 Dispute Management Services

The purpose of Dispute Management Services is to manage disputes proactively. This includes prevention of disputes by defusing conflicts that can disrupt teaching and learning; it also includes dispute resolution. Professional development and training is included in the programme to ensure that Dispute Resolution Practitioners and Panelists operate effectively. Particular emphasis is placed on training that helps to protect the rights of children involved in special disputes.

Sub-programmes:

- Conciliation and pre-arbitration services
- Arbitration services
- Training of Dispute Resolution Practitioners and/or Negotiators
- Professional Training and Development of Panellists
- Quality control of awards and rulings

| | |
|------------------------------------|--|
| Strategic objective 8.1.2.1 | Provide efficient dispute resolution services |
| Objective statement | To provide a platform for parties to engage and settle their disputes |
| Baseline | 89,4% of Conciliation cases |
| Baseline | 86,08% of Arbitration cases |
| Strategic objective 8.1.2.2 | Quality control of awards |
| Objective statement | All awards are quality controlled |
| Baseline | 100% of awards were quality controlled |
| Strategic objective 8.1.2.3 | Professional Development Services |
| Objective statement | To provide Professional Development of Dispute Resolution Practitioners. |
| Baseline | Six training sessions were provided |

| Strategic objective 8.1.2.4 | Professional Development Services |
