CTU ATU'S CONCERNS ON THE SALARY STRUCTURE

We wish to apologise for this late submission

The Salary Scale needs to be simplified to show a 1.5% - i.e. increment between notches instead of the current 0,5% increment, because reference to notch increases in the PAM and other policy documents will have different meaning to notches on the July 2019 salary scale.

Please take note that we have a long detailed document that was submitted to Letitia Munday on 12 September 2019.

Gregory Masondo

For, and on behalf of the CTU ATU
